

Looking for a “Trailing-Edge” dimmer???

We ***INVENTED*** the Trailing-Edge Digital LED Dimmer!

THE #1 LED DIMMER IN NORTH AMERICA

If you have
the PLS MR4™ 2400,
you already have a
Trailing-Edge dimmer!

The PLS MR4™ is the most versatile LED dimming system on the market. **Not all LED lamps are Reverse Phase (trailing-edge)**, as many are Forward Phase (leading-edge) and some are Mid-Phase (center-cut). The PLS MR4™ provides the most user-friendly way to change between phases. No matter the lamp brand, the PLS MR4™ will properly dim it.

**Reverse Phase IS
Trailing-Edge.
Don't be confused
by doubletalk!**

**Conceptualized,
Engineered, Designed,
and MADE in the USA!™**
