Barnstorm Detergent

It is ideally suited for use in all phases of hog farm sanitation including: nurseries, farrowing crates, breeding and gestation rooms, loading chutes, animal transport vehicles, footbaths, waterers and feeders and all areas on the pork production facility where effective disease control and biosecurity are critical to animal health and performance.

It may be applied through high or low pressure spray apparatus, immersion tank, with mop or sponge or through sprinkler systems. Barnstorm rinses freely from all surfaces and leaves no chemical residues.

Dilution rate: 1-2 oz. : 1 gal. water

Item No.	Description	Price	Qty. (4)
99050053	Barnstorm	\$10.17	\$9.15 ea.

DC&R Disinfectant

1 Gallon
1:128 Ratio

BENEFITS

- DC&R has proven effective as a disinfectant by the AOAC against bacteria, virus and fungi.
- A unique combination of three active germicidal ingredients.
- Kills organisms on contact... keeps killing for up to 7 days after application.
- Retains its activity even in the presence of organic matter.
- Scientifically formulated so that when sprayed onto a surface the active ingredient, HNP, slowly decomposes yielding germ-killing levels of formaldehyde.
- Effective in both acid and alkaline pH range.
- Also available in a dye-free formula.
- Non-corrosive.

Item No.	Price	ups
99050804	\$20.90	

Bio Gel

1.3 Gallon
Container

USES: Bio Gel is a strong alkaline gel cleaner formulated for longer surface contact time resulting in better cleaning penetration. Use on all agriculture housing surfaces, equipment and hatchery surfaces. Do not use on automotive finishes.

DIRECTIONS FOR USE: Dilute Bio Gel at the rate of 4 oz to 8oz per gallon of water depending on soil load. Apply with air foaming equipment or high "5 pressure foaming equipment under low pressure and allow soaking time of 15 to 20 minute, but do not allow to dry. Rinse with high pressure water. Allow to dry and apply disinfectant

Item No.	Price	ups
99050803	\$17.15	

Disinfectant

Synergize Disinfectant

Synergize is a quaternary/glutaraldehyde cleaner/disinfectant specifically formulated for use in animal and poultry housing facilities, turkey, breeder, grow out, fryer, layer, hatcheries, and swine producing facilities as well as the following equipment in these facilities: waterers, feeders, hauling equipment, loading equipment, farrowing barns, nurseries.

Synergize is also for use in farm premise, equine facilities, veal barns, ratitae facilities, (ostrich, emu & rhea facilities), calf pens, & associated farm vehicles. Dilution rate: 0.5 oz. : 1 gal. water

Preserve International continues to lead all other hatchery disinfectants with Synergize, the most effective disinfectant cleaner available today.

Item No.	Description	Price	Qty. (4)
99050052	Synergize - 1 Gal.	\$31.04	\$28.00 ea.

Virocid

VIROCID, one of the world's most concentrated disinfectants, has 35.585% oz. of active ingredients per gallon! Because of this level of concentration, it works effectively at an extremely LOW DILUTION against microorganisms.

Applications:

- Animal houses
- Milking equipment
- Animal transport (trucks & trailers)
- Animal husbandry equipment
- Technical rooms for animal husbandry
- Cooling pads
- Boot dips
- Aqua culture
- Hospitals
- Hatcheries
- Food processing
- Horticulture

- Lethal power to control all micro-organisms
- Extremely synergistic blend
- Residual action
- Cost effective
- Can be shipped ORM-D Consumer Commodity
- Dilution rate: 400:1
- 1/3 oz. / Gal

Item No.	Description	Price	Qty. (4)	Virocid can now be shipped UPS
